A NEW NAME IS COMING...

SMART SCHOOLS

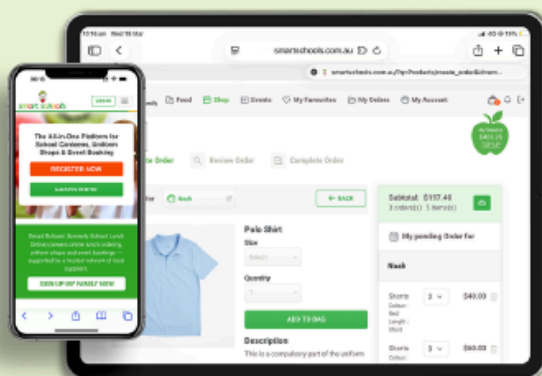

You may soon notice a new name when ordering lunches, buying uniforms or booking school events.

SCHOOL LUNCH ONLINE WILL SOON BECOME SMART SCHOOLS

Over the coming weeks your school will move across to **Our New Smart Schools Platform**. While the name and look are changing, the people behind the system remain exactly the same.

Smart Schools is still the same Australian owned and operated family business, run by people who understand how hectic school mornings can be.

Our goal remains the same – **helping schools and families manage lunches, uniforms and events easily and reliably online.**

WHAT WILL HAPPEN?

Your school will soon transition from School Lunch Online to the new Smart Schools platform.

The updated system allows us to continue improving the service we provide to schools and families.

While the website will look a little different, the way you order lunches, purchase uniforms and book school events will remain very familiar.

We have also made some improvements behind the scenes, including **ZERO fees for free school events.**

What Do Parents Need To Do?

The good news is... very little.

When your school moves across:

- Your existing login details will stay the same
- Your account balances transfer automatically
- Your school and suppliers will remain the same

Your school will let you know the exact date the new system becomes available.

A SMALL FAVOUR FROM US

Whenever a system changes there can occasionally be a few teething issues while everything settles in. If something doesn't look quite right in the early days, please bear with us while we smooth things out.

Smart Schools is still a mum-run Australian business, and we genuinely care about providing a service that works well for families and schools.

Thank you for supporting our small Australian business and the schools we work with. We're excited to introduce Smart Schools and look forward to continuing to make school mornings just a little bit easier.

INSTALL THE SMART SCHOOLS APP

For even easier access, you can add Smart Schools to your phone like an app.

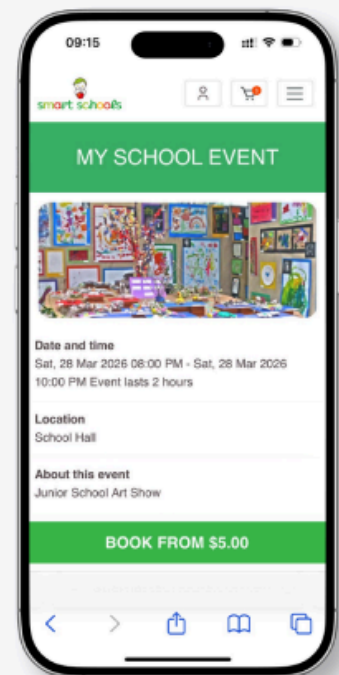

This allows you to quickly place orders, check balances and book events without needing to search for the website each time.

On iPhone or iPad

- Open smartschools.com.au in Safari
- Tap the Share button at the bottom of the screen
- Select "Add to Home Screen"

On Android phones

- Open smartschools.com.au in Chrome
- Tap the menu (three dots) in the top corner
- Select "Add to Home Screen"
- Tap Install
- You can then open Smart Schools directly from your home screen.
