School Contributions and Charges 2027

Students are entitled to participate in an educational program that satisfies the requirements of the Western Australian Curriculum and Assessment Outline. Principal, in consultation with the School Board, and in accordance with the School Education Act 1999 and the School Education Regulations 2000 determine all contributions and charges requested of parents for the education of their children.

CONTRIBUTIONS

Each year a voluntary payment requested from parents towards the cost of materials, services and facilities used by students in the educational program.
Financial support provided by parents has always played an enabling role in the provision of resources that extend the school's capacity to add value to students' learning experience. Whilst contributions are voluntary the quality of our teaching and learning program will be maximised when each family makes its contribution to the cost of supplementing funding gained from other sources, including the State and Commonwealth Governments.

CHARGES FOR ALL EXTRA COST OPTIONAL COMPONENTS

Participation in these components is voluntary, but a charge is payable if the student opts to participate.

PERSONAL ITEM LIST

The Principal determines the items to be supplied by a student for the student's personal use for the following year. The Personal Item List are submitted to the School Board for discussion and approval and supplied to parents no later than two months before the beginning of the school year. These can be purchased from any supplier.

PAYMENT

Parents are encouraged to pay the voluntary contribution amount for their child/ren at the beginning of the school year. Payments can be made in a number of ways: Direct Deposit, Eftpos, or through the Personal Item List via Campion Education.
