

WHAT HAVE WE BEEN UP TO

Monday – Arts & Crafts Day 🎨🏮

We kicked off the week getting creative as the children made beautiful lanterns and decorative fans to celebrate the Chinese New Year festival. They explored colour, pattern and design while learning about the cultural significance of lanterns as symbols of good luck and new beginnings. The activity encouraged fine motor skills, creativity and an appreciation for different traditions around the world.

Tuesday – Science & Crazy Experiment Day 🧪🌈

Tuesday was all about hands-on learning as we created colourful slime by carefully mixing dry and wet ingredients. The children observed how different materials react when combined, learning about simple chemical changes and measurements along the way. There were lots of excited faces as bright colours blended together, making science both fun and a little bit messy!

Wednesday – Water Play Challenge 💧🧱

Our Water Play Day featured a fun tuff tray challenge where children worked together to build a “city on a lake” using magnetic blocks placed in water. This activity encouraged teamwork, problem-solving and creativity as they experimented with balance, structure and design. The children explored how materials behave in water while developing their engineering skills in a playful and engaging way.

Thursday – Music Day 🎵🐼

On Music Day, the children were introduced to a variety of musical instruments and explored the different sounds they produce. We discussed how instruments can create high and low tones, loud and soft sounds, and how rhythm brings music to life. The session supported listening skills, coordination and cultural awareness while allowing the children to express themselves through sound and movement.

Friday – Face Paint & Party Day 🎉🎨

We wrapped up the week with a vibrant Face Paint and Party Day! The children chose and painted their favourite designs, expressing their creativity and individuality. Our Zumba session brought lots of energy and laughter, helping to build coordination, confidence and teamwork through dance.
